

CURRICULUM VITAE

(Not updated)

Guy MARTINI

International Senior expert UNESCO Geopark.

French Nationality

Whatsapp:: 33 679 87 36 22

guy.martini@hotmail.com

4, Rue de l'hubac

04000 Digne les Bains (France)

CURRENT PROFESSIONAL ENGAGEMENTS

- Consultant | Vietnamese Institute for Geosciences and Mineral Resources, Ministry of Environment (Vietnam). Advising on national geopark policies and the development of UNESCO Global Geoparks (UGGp) in Vietnam.
- Consultant | BAPPENAS, Ministry of Development (Indonesia)
Providing strategic guidance on geopark development and sustainability.

CURRENT REPRESENTATIONS

- President | UNESCO Global Geopark Council (2016-2024)
- Bureau Member | Global Geopark Network
- General Secretary | Global Geopark Network
- Advisory Group Member | European Geopark Network
- Senior Advisor | Indonesian Geopark Network
- Senior Advisor | Fangshan Geopark, China

PREVIOUS REPRESENTATIONS

- General Secretary | 1st International Symposium on Geological Site Conservation (1991). Led the symposium that launched the “International Declaration of the Rights of the Earth’s Memory” under UNESCO auspices.
- President | National Commission of Natural Geological Reserves, France (1985-2003)
- National Expert | Geological Heritage, Ministry of Environment, France (1987-1998)
- Member | National Committee for Nature, Ministry of Environment, France (1988-1998)
- Bureau Member | Various National French Parks (1995-2000) Ecrins and Mercantour National Parks.

PERSONAL SKILLS

- Extensive international experience in geo-conservation and geopark development, with a focus on sustainable economic development through heritage valorization.
- Proven expertise in leading multidisciplinary teams and managing complex projects.
- Great experience in communication, communications strategies and tools
- Proficient in public fund management and fundraising across various levels (national, regional, European, private sector, and international bodies like the World Bank).
- Skilled in network development and international collaboration.
- Experience in conceptualizing, managing, and executing international programs, particularly within the European Commission (e.g., LEADER II, INTERREG IIC).
- Strong negotiation skills and a solid track record in international project management across multiple continents.

PROFESSIONAL EXPERIENCE

-2018-2024

Consultant | Vietnamese Institute for Geosciences and Mineral Resources, Ministry of Environment (Vietnam).

-2012 –2018

Director | Haute Provence Geopark (France)

Directed the overall operations and strategic planning . Team 15 staff

-2009 –2011

Consultant | Private Consultancy
