**Application – Candidature – Global Geoparks Network Executive Board  
General Assembly 2025**

Dear Professor Zouros,

I am pleased to send you my application as a candidate for the Executive Board of the Global Geoparks Network for September 2025, and here as a representative of the 'Individual Members Group'.

The vision, realisation, implementation and further development of the idea of the Global Geoparks Network for our societies today and for future generations is core for my wish to support furtheron the Global Geoparks activities in the Executive Board of the Global Geoparks Association and as individual member. Having a diverse and rich experience in different areas ranging from geoheritage, geoparks, communication, geotourism, education, world heritage, in the field of best practise exchange to colleagues of different generations and from 35 UNESCO Global Geopark evaluation and revalidation missions, I hope this will be of interest for the next period in the Gobal Geoparks Network Executive Board.

The German Global Geoparks Network / Forum supports my application in accordance with the resolution of its meeting on 20 May 2025 at the German UNESCO Commission in Bonn, which I am very pleased about. The letter of the German Global Geoparks Network will be sent to you separately by e-mail and the official speaker, Dr Jutta Weber. - Please find my application documents attached.

With many thanks and best regards

Dr. M.-L. Frey
